

Melissa Moatts – Destination Specialist

My love of travel began as a child. By the age of 15, I had visited every state but four. After I graduated high school, I married a military man and was fortunate enough to be stationed in the States and overseas. Every duty station offered amazing opportunities. Each move was like starting a new adventure. Instead of traveling like a tourist, we were residents. During our time overseas, I traveled throughout France, England, the Netherlands, Ireland, Scotland, Austria, Switzerland, Italy, Poland, and Czech. I have traveled to Newfoundland, the provinces of Canada, the Bahamas, Turks & Caicos, Jamaica, and St. Lucia, as well.

I graduated from the School of Technical Training in Lawton, Oklahoma, in 1992. I managed an airport travel agency for 2 years and my husband was reassigned. In 2006, after my husband's retirement from the military, I returned to travel.

I specialize in Sandals resorts and customized travel to Ireland, Scotland, England, Austria, Switzerland and Germany as well as destinations in the States.

I have built my business on the premise that my clients' needs are my first concern. I put my heart into each and every trip that I prepare and offer my clients years of experience and my knowledge and passion for travel. I am with you before, during and after your travels. I look forward to planning your amazing journey leaving you with life-long travel memories.
