

Taneka Carroll – Destination Specialist

My love for traveling and have been for years. I was introduced to cruising of over 18 years ago and have cruised every year since. The sights and views captivated my attention. As soon as I returned home I started planning my return with friends as the travel bug had me!

I love to go to different countries, islands and cities and see the people, culture, and food. Experiencing life is a beautiful thing!! Soon others requested that I help them with their travel arrangements and the rest as they say is history! I have traveled to Monaco, Nice, Alaska and Hawaii I hope to expand this list greatly!!
